Same source: ion, energy, position and direction
STANDARD BRANCH
SCREENING BRANCH
Electronic energy loss
option4 ionisation
Electronic energy loss
option4 ionisation retained
Nuclear loss and deflection
registered standard processes
Nuclear loss and deflection
TestEm7 screened collisions
Native local energy deposit
and native ionising/NIEL split
Target transfer deposited locally
no explicit target-recoil tracks
Custom NR response
local derivative / low-energy QF
Custom NR response
finite-deposit integral
Same ROOT schema: one record per depositing step
